TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

The season of Thanksgiving is the one time in the full round year when the American people take an inventory of their blessings, when they "count their mercies." For what have we, the people of the United States in this month of November and year of our Lord nineteen hundred and sixteen, most cause to be thankful? Unquestionably it is the fact that at this time we are not at war, however much we may burn with shame over the seeming shirking of our national responsibilities to sister nations.

A second cause for thanksgiving on the part of all parents is the knowledge that their children have been born into a land of enlightenment and opportunity, into conditions hundreds of years in advance of our neighbors across the Mexican border. What a gulf between the helpless peon—too ignorant to know his rights, too oppressed to assert them—and our exponents of organized labor able to make the government itself their tool in compelling capital to concede their demands!

We have still greater cause for thankfulness in the growing mental and moral sovereignty of the people.

TROPICO Interurban SENTINEL

They are learning to think. No longer do they blindly follow a political leader or political creed. They are weighing the great issues which have to do with the welfare of society, the temperance question, the enfranchisement of women, the protection due the child, the rights of aliens, and all these questions are affecting politics and so influencing electors that no longer is it possible for a political boss, big or little, to deliver the vote. We cannot be too thankful that we are outgrowing old prejudices and getting a vision of new ideals through we follow them with halting steps.

As Californians we have great occasion for gratitude in our environment. No matter how anxious or toilworn we may be, or how sorrowful, we can steep our souls in the beauty of sea and plain and find comfort; and the mountains are here, the everlasting hills to which, like David, we can look for strength.

THANKSGIVING

The Sentinel is thankful to have so much advertising of a high character. It hopes that local readers feel some pride in the recognition of Tropico's paper as a valuable medium of advertising and that in placing their trade they will remember the Sentinel patrons and tell them they read their advertisements in the home paper.

A local paper can, and, if it is of the right sort, does do a great deal for a community. On the other hand the community can do much by way of reciprocity for the paper by boosting it with advertisers and giving them confidence in it as a carrier of trade news.

"Thanksgiving?" queried H. W. Butts, "we grocers don't know whether we can be thankful or not. We are between the wholesalers who boost the prices every week, and our customers who really cannot afford the prices we have to charge to make our ordinary margin of profit. We have to divide with them and split the difference. We are not getting rich, but I suppose we ought to be thankful we are living."

The biggest tourist season California has ever experienced is predicted by officials of three transcontinental lines.

INSTANT ACTION SURPRISES MANY HERE

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL astonished me with it's INSTANT action." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold.—Edwin Virden.

Father's Night of the P. T. A. last Monday evening drew an audience which taxed the capacity of the main corridor of the Cerritos school, though school seats and chairs filled every available nook. The designation was somewhat misleading, for, as Superintendent Keppel remarked, it seemed to be father's night to stay at home. Mother was there in force but father was only moderately represented. A handsome lot of boys and girls from kindergarten age upward were there too and entertained as glee clubs, choruses or as trio performers on piano, violin and cello, under the guidance of Miss Mitchell, director of music, who is doing very intelligent work. There were no shrill, strained voices, but sweet, natural childish notes which it was a pleasure to hear. Little Lavina Wood captured all hearts with her "Highland Fling."

Superintendent Keppel made a highly entertaining talk presenting modern school problems but from an entirely neutral, disinterested standpoint. Referring to the proposed bond election he urged careful investigation of the school plumbing by experts and if found to be unsanitary, declared that the city could not afford to permit it to remain. He expressed himself as opposed to basements in general and in favor of outside toilets.

Dr. Mabry, who was called to testify to the condition of the plumbing, said he had examined it very thoroughly and had reached the conclusion that the toilets are not strictly unsanitary. Said he: "They are not in bad condition but not satisfactory. I believe in our public school we should have things as we would have them in our own homes. I feel sure that no home owner would be satisfied to have the conditions in his home that we have in this school."

Mr. Irving Oliver, President of the School Board, who followed, exhibited a sketch of a building 48x22 about 25 square feet larger than the basement rooms. Such a building of brick and cement with covered arcade and equipped with the best up-to-date plumbing would cost, according to his rough estimates, \$5,550; or if of wood \$5000; a renovated basement equipped with up-to-date plumbing would cost approximately \$3200. Mr. Oliver also quoted approximate estimates for painting; for outside walls

two coats, tin work 3 coats of metal paint, \$530; retinting inside walls and ceilings \$185.00; revarnishing woodwork \$240.00, or a total of \$955.00.

The meeting then adjourned and refreshments were served, coffee and delicious home-made cake. Mrs. Gaarder, as president, and the efficient committees who assisted her, had reason to feel well satisfied with this meeting of the flourishing P. T. A.

PHILANTHROPY DAY

December 7th is Philanthropy Day at the Thursday Afternoon club. Mrs. E. V. Bacon, Chairman of Philanthropy, has charge of the program, and Mr. Steckel, Secretary of the County Welfare Association, will be the speaker.

At its last meeting the club voted to admit gentlemen to its meetings as guests without restriction. Mr. Steckel's talk will be of interest to men and it is hoped that many will take advantage of the opportunity to meet him. They will be made very welcome by club members.

It will be an open meeting and members can bring lady guests on their visiting cards instead of using guest tickets. It will be donation day also and gifts of money, clothing, food or anything else of value that can be dispensed at the Christmas season by the Philanthropy Committee, will be most welcome.

Mrs. Seeley Moe will be chairman of hostesses and will be assisted by Mesdames H. W. Fleming, A. H. Gaarder, E. V. Findley, Thomas Gaither, Mary Ayres.

P. E. O. LUNCHEON

The monthly luncheon of the P. E. O. was held last Friday at the home of Mrs. Kate Stephenson, Miss Harriett Myers and Mesdames J. Herbert Smith and Merritt Ludden being assisting hostesses. After a delicious luncheon was over, Mrs. Charles Barker gave a wonderful review of Olive Shriner's "Woman and Labor" which held the absorbed attention of her audience most of the afternoon.

The next session, a business meeting, will be held at the home of Mrs. Bancroft.

TROPICO Interurban SENTINEL
COUNTY WELFARE WORK

A meeting of the Tropico Branch of the County Welfare Association was held recently at the home of Mrs. Wesley Bullis. Representatives of the churches, lodges, clubs and societies were present, also Mr. Williams, head of the organization in Los Angeles, who gave a practical talk on the advantages of co-operation between the branch and parent associations. The influx of hoboes was referred to and Mr. Williams stated that he would soon have a supply of meal tickets which would be furnished to members of the Tropico society to be given to tramps who ask for food. The Los Angeles officials are making arrangements to handle the matter in a practical, business-like manner and to look after the further needs of the men who apply for help by supplying them with clothing, if needed, and assisting them in finding work. For this reason they are anxious that all such cases should be referred to them instead of receiving private charity.

ROMANCE IN LOW LIFE

Thanksgiving is probably in the hearts of two young people who figured in a romance last week. The story runs like this: Maria Motonez, a pretty Mexican girl of eighteen was on her way from her home, this side of Burbank, to Glendale with a cart full of vegetables for her customers in that city. Suddenly a Piute Indian, tall, strong, middle-aged, halted the cart, sprang in beside the girl and endeavored to wrest the lines from her grasp. She resisted and screamed for help which presently came running across the fields in the person of a young Mexican laborer, Jiminez Goro. The horse which drew the cart was old and slow, one of the safety first sort, and Jiminez was able to run it down, drag the Indian from his perch and leave him stunned upon the highway when he climbed in beside the maiden, until then unknown to him. He comforted and protected her for the rest of the journey so successfully that she agreed to give him the job for life and they are to be married very soon. The Piute is a renegade who has left a bad record in several places and whom the authorities are seeking.

LOCAL HAPPENINGS

The families of John Hobbs, John A. Logan and Andy Stephenson will spend Thanksgiving together at the Stephenson home.

Mr. and Mrs. C. C. Chandler and son will spend Thanksgiving and the week end with their son who is operating the Tejon Hotel on the Ridge Road.

The Virden home on Mira Loma avenue was opened for a charming social affair Sunday evening when Miss Rose Virden entertained fellow members of a sorority of pharmacists at 5 o'clock tea followed by a musical.

Mr. Robinus, father of Ed. Robinus of Labree Court, has just arrived from Indianapolis, Ind., to make his permanent home in Tropic.

Miss Mary Logan had as week-end guests Jessie and Eleanor Gregg and Harriett Barnes.

Invitations are out for a luncheon at Hotel Alexandria December 4th, by the Los Angeles Chamber of Commerce to Mrs. A. L. Bancroft and the women of Southern California who are organizing the home product movement among women. It will be an affair of considerable importance.

Mr. and Mrs. Buser of Los Angeles, parents of Mrs. Charles Phillips, have just returned from a trip to Honolulu where they visited Mrs. Phillips' sister.

Miss Joan Fairfield was the happy hostess at a party last Friday in celebration of her seventh birthday. About twenty young people of her set spent a delightful afternoon playing games and consuming cake, ice cream and other party refreshments, chief among which was the birthday cake with the proper number of candles.

Miss Fairfield received letters, telegrams and gifts from many friends and relatives who rejoiced with her.

This week's session was reciprocity day at the Tuesday Afternoon (Glendale) club. Delegates were present from a majority of the clubs in the Los Angeles district. A musical program was given, the artists being Miss Constance Balfour, an American soprano who included in her repertoire a group of songs by Mr. Julius Kranz of Glendale, who furnished the violin obligato, and gave several solo numbers. J. Carl Briel contributed piano numbers. Mrs. Mattison B. Jones and Miss Mae Orcutt Brooke were accompanists.

Next Sunday Rev. O. P. Rider, pastor of the Presbyterian church will preach an historical home mission sermon. The evening service will be conducted by the trustees and elders and will celebrate the centennial anniversary of the organization of the Board of Home Missions.

MR. VAN WIE BEREAVED

Mr. A. J. Van Wie of Cypress avenue has been called to mourn the loss of his father, Jacob Henry Van Wie of Los Angeles, who has been at death's door for weeks and to whom the summons was a merciful release. Funeral services were held at the Scovern-Letton-Frey parlors Wednesday afternoon, and the remains were shipped to the former home of Mr. Van Wie, Mason City, Iowa, for interment.

Tropico's Thanksgiving service will be held in the Methodist church Wednesday evening. The congregation of that church will unite with the congregations of the Presbyterian and Brethren churches, and it is probable that the address will be made by the

Pasadena revivalist who is conducting meetings at the church of the Brethren. Mr. O. P. Rider will also take part in the service.

W. R. C. DINNER

About 125 guests enjoyed the fine dinner served by the N. P. Banks W. R. C. last Friday. Mrs. Hammond, the chairman, was assisted by Mesdames Dutton, Peckham, Barnes and Ogier.

A business session was held at 2 o'clock. The entertainment program was featured by the Orpheus Trio Concert Company of Los Angeles consisting of Theodore Peterson and his two talented daughters, soprano and contralto singers who also furnished piano and cornet solos and elocutionary numbers. They were guests of Conrad Clark. Dr. Henry also contributed a humorous reading.

The annual election of officers of the W. R. C. will be held December 8th. All members should attend.

About twenty-four persons enjoyed the annual praise service held Thursday afternoon at the home of Mrs. Richardson at Gardena and Brand. Mrs. Thomas of Emanuel Church, Los Angeles, gave a delightful address on "Praise." Mrs. O. P. Rider led the devotional exercises, Mrs. Stewart and Mrs. Elder contributed vocal solos, and reports of Secretary Elder and Treasurer Brown were submitted. The thank offering was received. At the conclusion of the meeting dainty refreshments were served.

The Bazaar and Supper of the Pythian Sisters December 15th will be held in the new K. P. Hall on Brand boulevard.

ART AND TRAVEL PROGRAM

The program of the Art and Travel Section of the Thursday Club which met at the home of the president, Mrs. Charles Wallace Kimberly last week Wednesday, proved most delightful and entertaining. If members would come out and "sample" these sectional meetings, the membership of the class would be swelled to large proportions.

Honolulu was the theme and it included the journey from Tropic to San Francisco and the ocean voyage. Mrs. Kimberly read an excellent paper giving the history of the Hawaiian Islands in which she told of their discovery in 1549 by Gaetano and their subsequent examination by Captain Cook; of the kingdom which terminated in 1893 with the reign of Queen Liliuokalani, when a republic was established, and later in 1898, of annexation to the United States effected. She dwelt upon the importance of their situation, the topography, climate, flora, animal life, the mixture of races and the fact that the pure native stock is decreasing. She also emphasized their fine qualities as a people. The sugar, rice, coffee and fruit plantations were described and the chief features of Honolulu, the principal city.

Following Mrs. Kimberly's paper Mrs. Ella Richardson gave a travel lecture covering the supposed trip illustrated with lantern and attractive colored postals collected by Mrs. Charles Phillips, who has a sister residing in Honolulu. The views included seal rocks, the Cliff House, the steamer, the landing in Honolulu and birdseye view, the pineapple fields, aquarium, etc. Mrs. Richardson covered the ground so thoroughly and the picture were so fine, it proved an exceedingly interesting afternoon for all who attended. Hawaiian music on the victrola supplemented the literary program and was followed by dainty refreshments in which the fruits characteristic of the islands were employed.

The section will not convene in December. The next meeting will be held the second Wednesday in January at the home of Mrs. Kimberly when Japan will be the topic, particularly its art.

NIGHT WATCHMAN BUSY

The night watchman had a chance to earn his money Thursday night. Mrs. Merriken on the San Fernando Road, who returned late in the afternoon from Los Angeles, reported the loss of some wood and provisions. Officer Jennings went to the scene and found a "bad Mexican" camping in a near-by vineyard and making himself comfortable with the loot. He had a big six-shooter out but "Charley" made him come along and lodged him in jail. Later he was taken to San Fernando to stand trial for stealing a bicycle there.

Another call was received the same evening about seven o'clock from parties living at 207 Oak Drive, who, like Mrs. Merriken had just returned from town. Friends had some out with them for supper which had been prepared and which was about to be eaten when a noise in the bedroom attracted their attention. A thief was discovered making his exit from a window. An inventory showed that he had taken \$50 to \$75 worth of jewelry and \$3 from a purse. He escaped through the orchard. The city hall officers who at once responded to call, could find no trace of him.

H. L. Whaley of the O. K. Market, feels there is reason for thanksgiving in the impetus given the temperance cause. Though not a total abstainer and not a prohibitionist, he wants the traffic regulated and the saloon and winerom put out of business.

IMPERIAL VALLEY OSTRICH
FARM

Miss Cora Hickman has recently returned from the Imperial Valley where for two weeks she was a guest on the largest ostrich farm in the world. It occupies about 1200 acres, is owned by a British syndicate, and the capital backing the enterprise is said to be \$108,000,000. The syndicate is in the cotton and wool business and owns a string of banks on the Pacific Coast. Six hundred acres of its Imperial Valley holdings are in alfalfa and 120 acres in corn which will be used to feed the birds which consume about four tons daily. There are 2200 ostriches now on the farm which is in its second year and which is going to be one of the great enterprises of the valley. W. M. Cross, whose wife is the guest of Miss Hickman, is local business manager. The president, Mr. Mosely has a fortune of \$58,000,000 which he made in the diamond mines of South Africa. While there he became much interested in the ostrich farms and determined to found the largest one in the world.

PRODUCTION AND PRICE

According to government crop reports, California's wheat yield this year is about two-sevenths less than last year. The yield of the whole United States according to the October estimate is 607,557,000 bushels against 1,011,505,000 bushels in 1915, or about one-third less than in 1915. The price in California November 1, was \$1.33 against 92c last year the average price for the United States being \$1.58 against 93.1c a year ago.

California's potato yield is about 150,000 bushels more than last year while the yield for the whole United States is about a third less. The price in California November 1 was \$1.13 per bushel against 73c last year; the average price the United States over being \$1.36 against 60.8c last year.

The bean crop of California to the October estimate was 4,190,000 bushels against 3,825,000 bushels last year, the yield of the five leading bean producing states being 9,924,000 bushels against 10,278,000 bushels in 1915. Prices are not quoted in the report.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NEWSPAPER PROBLEMS

Monday evening members of the Los Angeles County Press Association gathered at the Union League for a dinner and discussion of subscription and advertising rates and the urgent necessity for an advance on account of the increased cost of production, particularly in the line of paper, the price of which has climbed by leaps and bounds and is still going up with no prospect of reaching any stable figure.

The publisher of the leading weekly at Sawtelle stated he had put all his advertisers on a contract basis so that both parties would know what to depend upon for the next six months, and had doubled his rates; that his patrons recognized the justice of the increase and had stood by him. Others made similar reports and declared their intention to advance rates still more. The city papers have been issuing rate cards every three months at a steadily advancing schedule to meet the conditions of publication, and it was agreed that country papers will be driven to the same course.

The chief speaker of the evening was State Comptroller Chambers of Sacramento, who is well prepared by the nature of his official duties to speak with authority concerning public finance in California. He considers the tremendous increase in bonded indebtedness and the recklessness with which counties and cities mortgage the future, a very alarming situation which will lead to national bankruptcy if unchecked. He therefore called upon the newspapers to enlighten the people.

Mary Stewart, the pretty Irish girl and pretended war bride who has been selling genuine Cincinnati machine made lace in the suburbs of North Tropic as real Irish hand-made lace, was arrested in Glendale last week and persuaded to confess. The officers were anxious to convict her of "false pretenses," but none of her victims were willing to testify and publicly admit they had been taken in, so the girl was fined for selling without a license. In her hand-bag were found numerous pawn tickets for articles of value and she is under suspicion of burglary.

UNION HIGH NOTES

Seventy-three Sophmores made merry at the class party held last Friday evening at the home of Paul Richardson. Robert Carmack is the president and looked after all details most efficiently. There were games and dancing and after that refreshments. Red and green, the class colors, featured the decorations and the ice cream.

HIGH SCHOOL NOTES

The Interscholastic Debating Team for Union High was selected last Friday. Those selected for the first debate which will take place December 8th, are Herbert Scheuner and Berna Martin, affirmative, Samuel and Harlan Durand, negative. It will be on some immigration question and the debaters will have but a week in which to prepare.

* * *

The girls of Union High have decided to enter the Girls' Federation. At the special assembly Thursday, Federation speakers presented the matter and a league was organized. Some funds will be needed in this connection and a committee was appointed to arrange for Doctor Lincoln Wirt to lecture at a paid assembly Tuesday afternoon of the present week, his theme being "In the Wake of the War." A committee was also appointed to draft a constitution for the organization. Dr. Wirt's address proved most interesting as it dealt with his personal experiences in the battlefields of the five fighting countries, and his critical observations as a scientist.

Wednesday the High School Ball team played the Alumni which won with a score of 32 to 29. The alumni team was composed of seasoned men of four years training on the high school campus, while their opponents were inexperienced by comparison. Thursday afternoon Union High played Hollywood in a practice game. Union High was again beaten but hopes for better luck next time.

POULTRY SHOW

The Glendale-Tropico Poultry Show, which will be held in Glendale December 5, 6, and 7th on Broadway, is being advertised this week by decorated autos bearing banners. Entries should be sent in Monday. Birds which reach the show after 9 a. m. Tuesday will not get a look-in at the premiums. It will be a fine show.

HOBO TOURISTS

Hoboes claim to be the advance guard of an unusually heavy visitation of this class of tourists are beginning to pass through Tropico on their way to Los Angeles. Already chicken roosts are beginning to suffer and other petty thievery to be reported. On receiving this report from Marshal Gould the City Council at its meeting a week ago voted to engage a night watchman to protect the town as far as possible from the unpleasant attentions of these undesirable citizens. Los Angeles authorities are seriously considering ways and means of handling the situation. Citizens will do well to take precautions against the loss of property easily lifted.

MUSICAL OPPORTUNITIES

Through the Glendale Music Company, recently established at 1112 Broadway, local music lovers are being given opportunities to purchase from the most up-to-date phonograph stock on the market anywhere, both in machines and records, and that too on terms that will suit their convenience. The company has taken a 5-year lease and come to stay. It is going after the business in a way to insure big sales, particularly for holiday gifts.

PETERS-DANIEL WEDDING

Last Tuesday evening, after the meeting of the City Council, Mayor Frank Peters and Mrs. Viola Daniel drove to the home of Rev. O. P. Rider and were quietly married without attendants or festivities. Wednesday they left Tropico for San Diego where they will spend Thanksgiving. They will be at home to their friends after next Monday at 401 Moore avenue. Mr. and Mrs. Peters have been residents of Tropico for about the same length of time, six years, and each has a large circle of friends here who join the Sentinel in wishing them much happiness.

Nelson C. Burch has sufficiently recovered to be a guest of his granddaughter in Los Angeles at whose home he will spend Thanksgiving.

CLUB VAUDEVILLE

"A splendid program," was the enthusiastic verdict of the excellent audience which gathered in K. P. Hall Tuesday night to enjoy the entertainment provided by the Philanthropy Committee of the Thursday club.

The program announced surpassed expectations. The strictly home talent was represented by the "Mendelssohn Quintette" (four violins and piano) composed of Mesdames Paine, Adams, Van Etten, Bullis and Miss Bacon, whose classical numbers were much appreciated; the recitations of little Merna Kahler and the beautiful fancy dancing of Merna, her brother Merle and little Dorris Cook, which crowned the pleasure of the evening. The wonderful dogs, Togo and Black Line, were impatiently awaited by the youngsters and did some very clever stunts.

Messrs. Butterly and Henning, Mr. Mellish, Mrs. Barnett and Mr. Wilmering won enthusiastic applause. At the conclusion of the entertainment the floor was cleared for dancing.

PROCEEDINGS OF BOARD OF TRUSTEES

Board members gathered earlier than usual last Tuesday evening and all wore a look of expectation. President Peters was the last to arrive and when he appeared in wedding garments it was the signal for a chorus of congratulations and jokes which he bore with equanimity.

Union Passenger Station

The first of the written communications read by the clerk was from Mr. Ryerson, Secretary of the Los Angeles Union Terminal Association asking the Board to endorse the proposed union passenger station opposite the Plaza. Trustee Veselich inclined to favor the station. Trustee Alspach opposed it. On motion of Trustee Seal the letter was ordered filed for future reference.

Mr. Green Complains

Under the call for oral communications Mr. Green found fault with the engineering and construction work in connection with the Hill street bridge. Mr. Wattles defended his work to the satisfaction of the Board, but on motion of Trustee Seal the matter was referred to the committee on Public Works for investigation.

Mason Case

Stating that he had been asked to represent certain trustees in the suit brought by Mrs. Mason for damages in 1914, Mr. Van Etten stated the expense for initial appearance would be \$3.00, and his attorney's fees \$50.00.

Moved by Henry that the \$53 for fees and costs be allowed. Carried.

Baer Case Et Al

City Attorney Shaw reported that Mr. Baer had brought suit against the city and street superintendent in Burbank Township for \$64.50, auto repair bill, and it would be necessary to make some defense; also that the jitney bus case under habeas corpus proceedings in the Superior Court was set for trial Wednesday; that if he appeared for the city in the Mason case his fee would be \$15.00 and in the jitney cases \$25.00 for each argument. Mr. Seal contended that the attorney should defend the city in all suits without extra charge but was not sustained, and the Board voted to allow the fees asked, Seal voting no.

Moore Avenue Culvert

Engineer Wattles reported the concrete work in connection with the bulkhead getting along nicely and that concrete in the opposite side would not be necessary on account of the protection afforded by the old concrete piled up there and also the straightening of the channel which Mr. Wasson is effecting. He recommended that white guard rails be placed along the diagonal walk down

to the culvert for safety of pedestrians and was instructed to have his suggestion carried out by the Street Superintendent.

Goat Dairy

Health Officer Mabry made a favorable report on the Winans Goat Dairy and on his recommendation the Board voted a permit to sell goats milk in Tropicco.

Produce Stand

The application of Mr. Johnson for a permit to erect a produce stand on Tropicco avenue, was referred to the Building Inspector for investigation and report.

Warrants

The following demands were allowed: Cornwell & Kelly \$1.25; C. C. Harris for street oil \$28.04; Tropicco Sentinel, pub. of ordinances 20 and 21, \$7.20 and \$7.08; gas and oil for police dept., \$2.99. The Board then adjourned.

A wonderfully varied collection of beautiful things has been assembled at the Furbeck Art Shop and Studio on South Brand, Glendale. They range in value from 25 cents to as many dollars, but whatever the price, they are worth it and find ready purchasers.

NOTICE OF PUBLIC WORK

Public Notice is hereby given that the Board of Trustees of the City of Tropicco did on the 6th day of November, 1916, pass an Ordinance No. 121 declaring the intention of said Board of Trustees to order the widening of Columbus Avenue in said City of Tropicco from the north line of Tract No. 927 to the north line of Park Avenue, under the Street Opening Act of 1903. For a description of the assessment district for said widening and for further particulars in regard thereto, reference is hereby made to said Ordinance of Intention No. 121 on file in the office of the City Clerk of said City.

I. C. WASSON,
Street Superintendent.

A chicken dinner will be served in connection with the Methodist Bazaar December 7th, at 6 o'clock.
